

5/22/20

Good morning everyone! We wanted to wish you all a healthy, happy, and safe Memorial Day weekend! It is rainy and dreary here but we are thankful for the safety of our residents and staff!

There has been so much attention to Nursing and Personal Care Homes in the media this week! We remain thankful to God that we are COVID-FREE! Please pray with us that this continues and that those affected are healed quickly.

We remain vigilant and are following all protocols and mandates that have been put into place to keep our residents and staff safe. As far as the COVID-testing goes, we have not received too much more information on that process. The state is still evaluating how this process would be implemented in facilities. They have to give us the direction and tests before this can begin so we are basically on hold at this time. We will keep you posted if and when testing proceeds forward.

God Bless you all and thank you again for your patience, kindness, and understanding as we move through this pandemic together.
